

Boone Community School District

Promoting Academic and Extra-Curricular Excellence

Curriculum Material Review and Implementation Schedule

The following is a review cycle for major subject areas focusing on the Core Curriculum with review of all curriculums between 2011-12 and 2014-15. Once these updates of curriculum and materials are completed, the review cycle shifts to a seven-year cycle of review and update. This will allow the district to address immediate, specific needs throughout the next four years, and have fully updated and implemented curriculums and materials in all subject areas by 2014-15.

Subject Area	MISIC Curriculum Information and Materials Review	MISIC Curriculum and Materials Implementation
Mathematics Fine Arts Counseling	2011-12	2012-13
